* The President and Vice-President, Treasurer, and Registrar of the College are elected at the Annual Meetings of the Council, and hold office until their successors are elected.

† Dr. William Clarke was elected Dec. 12th, 1871, at a Special Meeting of the Council, in consequence of the resignation of Dr. C. W. Covernton.

College of Physicians and Surgeons of Ontario.

ANNOUNCEMENT FOR THE ACADEMIC YEAR,
1879-80.

“THE COLLEGE OF PHYSICIANS AND SURGEONS OF ONTARIO” is the name adopted in its corporate capacity by the Medical Profession of the Province of Ontario. Every legally qualified Medical Practitioner in the Province being a Member of this College, it will at once be understood that it is not an Institution for the teaching of Medicine.

The Medical Profession in Ontario was first incorporated under this name by an Act of the Parliament of Canada passed in 1866. This Act was subsequently repealed by the Legislature of Ontario in 1869, and now the affairs of the Profession in this Province are regulated by an Act passed in 1874, (37 Vic., cap. 30), which is commonly known as the “Ontario Medical Act.”

By this Act, the “COUNCIL OF THE COLLEGE OF PHYSICIANS AND SURGEONS OF ONTARIO” is empowered and directed to enact By-laws: for the Regulation of all matters connected with Medical Education; for the admission and enrolment of Students of Medicine; for determining from time to time the Curriculum of the Studies to be pursued by them; and to appoint a Board of Examiners before whom they must pass a satisfactory Examination before they can be enrolled as Members of the College, and thus be legally qualified to practice their profession in Ontario.

The Council moreover, has power and authority conferred upon it by this Act, to fix the terms upon which Practitioners of Medicine, duly qualified in other Countries, may be admitted as Members of the College of Physicians and Surgeons of Ontario; this being the only mode in which they can become legally entitled to practice their profession in this Province.

For the information and guidance of Students of Medicine, the Profession, and the public generally, the Council, in conformity with the Ontario Medical Act, hereby promulgates for the Academic year 1879-80* the REGULATIONS which hereinafter follow, repealing all others heretofore in force.

*The Academic year, here referred to, is from the beginning of the Annual Meeting of the Council in June or July in each year to the beginning of the Annual Meeting in the following year.

REGULATIONS

FOR

1879--80.

SECTION I.

MATRICULATION.

1. After 1st January, 1879, the Matriculation Examinations will be held in Toronto and Kingston alternately. The Examination at Toronto will be held on the first Tuesday and Wednesday after Good Friday. The Examination at Kingston, on the third Tuesday and Wednesday in August in each year, and both the Matriculation Examiners shall take part in every Matriculation Examination.

In this Examination, writing and dictation will be included : correct spelling, and legible writing will be considered imperative.

2. The rules laid down for conducting the Professional Examinations, shall be observed in all respects at the Matriculation Examinations.

3. Every Student of Medicine must, before his Professional studies begin, pass a satisfactory Examination upon the following Subjects, before the Examiners of the Council.

ENGLISH LANGUAGE, including Grammar and Composition,
ARITHMETIC.

ALGEBRA, including Simple Equations,
GEOMETRY, first two Books of Euclid,
LATIN, Translation and Grammar ;

And upon one of the following Subjects, (of which Students are recommended to select either Natural Philosophy, or one of the Modern Languages,) the Candidate having the option of naming the Subject upon which he* will be examined, viz. :

GREEK,
FRENCH,
GERMAN.

NATURAL PHILOSOPHY, including Mechanics, Hydrostatics and Pneumatics.

4. The following are the Text-books to be used in this Examination. Where more than one is named, the Candidate may select the one upon which he* will prefer to be examined, viz. :

LATIN—Cæsar, *Commentaries on Gallic War*, fifth and sixth Books; Cicero, *Manilian Law* ; Virgil, *Æneid*, second Book.

GREEK—Xenophon, *Anabasis*, first Book.

* The masculine pronoun is used here and throughout the Regulations with reference to "Students" and "Candidates," nevertheless these terms are to be construed as applicable to either sex.

FRENCH—Voltaire, *Charles XII.*, sixth, seventh and eighth Books.

GERMAN—Schiller's *Thirty Years' War*, first Book.

NATURAL PHILOSOPHY—Peck's *Ganot*; Sangster's first Book: Stewart's *Physics*.

5. Graduates in Arts, or Students having Matriculated in Arts in any University in Her Majesty's Dominions, are not required to pass the Matriculation Examination, but may register their names with the Registrar of the College, upon giving satisfactory evidence of their qualifications and upon paying the Matriculation fee of Ten Dollars. Graduates in Arts who have attended a course or courses of Lectures on Botany and Theoretical Chemistry, and who have already passed an Examination on these subjects, will not be required to undergo a second Examination on the same, provided they produce tickets for one Course of Lectures on Botany, and also tickets proving that they have attended two full Courses of Lectures on Theoretical Chemistry.

6. Every Medical Student after Matriculating shall be registered in the manner prescribed by the Council, and this will be held to be the preliminary to his Medical Studies, which will only be considered to begin from the date of such registration.

7. The valuation of the answers of the several candidates at the Matriculation Examinations shall be transmitted by the Examiners to the Registrar, together with the questions and the written answers of the Candidates, as soon as they have been duly valued; the result being detailed in a schedule to be furnished by the Registrar to the Examiners.

8. Any Candidate who shall, after June, 1878, fail in any branch of his Matriculation Examination, shall be held to have failed altogether, and be rejected; but those who before that date have passed upon some of the subjects, shall be allowed credit for such subjects at a subsequent Examination.

SECTION II.

MEDICAL CURRICULUM.

1. Every Student after his Matriculation has been registered must spend a period of Four Years in actual Professional studies, except as hereinafter provided, dating from the 1st of April, 1878, the prescribed period of studies shall be held to mean 48 calendar months, to be computed from the date of Matriculation.

2. Graduates in Arts of any College or University recognized by the Council will only be required to pass Three years after graduating,

in attendance upon Medical Lectures before being admitted to their Final Examination ; no tickets for Lectures will henceforward be accepted by the Council unless two certificates are endorsed thereon ; the first specifying the number of lectures actually delivered in the course ; and the second, testifying that the pupil had attended at least 75 per cent. of the same ; applications for every Professional Examination must be made to the Registrar of the College of Physicians and Surgeons of Ontario at least two weeks before such Examination ; and no application will be received unless accompanied by the necessary tickets and certificates, and by the Treasurer's receipt showing that the fees have been paid.

3. Every Student commencing after June, 1880 (not a Graduate in Arts), shall attend Medical Lectures for at least four Sessions of six months each.

4. Each "Six-Months Course" shall consist of not less than One Hundred Lectures.

5. Every student must attend the undermentioned Courses of Lectures* in a University, College or School of Medicine approved of by the Council, viz..

Two Courses of Six Months each upon :

ANATOMY,
PRACTICAL ANATOMY,
PHYSIOLOGY, (including Histology.)
THEORETICAL CHEMISTRY,
MATERIA-MEDICA AND THERAPEUTICS,
PRINCIPLES AND PRACTICE OF MEDICINE,
PRINCIPLES AND PRACTICE OF SURGERY,
MIDWIFERY AND DISEASES OF WOMEN AND CHILDREN,
CLINICAL MEDICINE,
CLINICAL SURGERY.

One Course of Six Months or Two Courses of Three Months each, upon
MEDICAL-JURISPRUDENCE.

One Course of Three Months upon
PRACTICAL CHEMISTRY,
BOTANY.

One Course of not less than Twenty-five Demonstrations upon
HISTOLOGY, PHYSIOLOGY AND PATHOLOGY.

One Course of Twenty-five Lectures on
SANITARY SCIENCE.

Every Candidate will be required to prove that he has twice carefully dissected the whole adult human body.

* No certificate of attendance upon any Course will be accepted if the Teacher lectures upon more than one Branch of Medical Science, nor if he delivers more than one Lecture daily. However, the Lecturer on Medicine may lecture upon Clinical Medicine ; the Lecturer on Surgery, upon Clinical Surgery ; and the Lecturer on Materia Medica, upon Botany and upon Medical Jurisprudence. Furthermore, no certificates of pupilage, nor of attendance upon Lectures, in the Province of Ontario will hereafter be accepted, if the person certifying the same be not a duly Registered Practitioner, excepting in the Subjects of Botany and Chemistry.

6. The following are the Text-books recommended by the Council in the various Branches :

GENERAL TEXT-BOOKS.

ANATOMY—*Gray.*

PHYSIOLOGY—*Marshall, Dalton, Carpenter, Kirke.*

CHEMISTRY—*Fownes, Croft, Roscoe, Attfield, Gairdner.*

MATERIA-MEDICA—*Pereira by Wood, Stille, Wood, United States Dispensatory.*

SURGERY—*Druitt, Gross, Erichsen, Bryant, Hamilton.*

MEDICINE—*Flint, Watson, Wood, Aitken, Bennett. Tanner, Da Costa on Diagnosis.*

MIDWIFERY—*Tyler, Smith, Churchill, Barnes.*

MEDICAL JURISPRUDENCE AND TOXICOLOGY—*Taylor.*

PATHOLOGY—*Jones and Sieveking, Paget's Surgical Pathology, Rokitsansky Billroth.*

HOMŒOPATHIC TEXT-BOOKS.

MATERIA-MEDICA—*Hahnemann, Jahr, Dudgeon.*

MEDICINE—*Niemeyer's Pathology, Baehr's Therapeutics, Raue's Pathology and Diagnostics, Marcy & Hunt's Practice, Da Costa on Diagnosis, Flint.*

SURGERY—*Franklin, Helmuth, Gilchrist, Gross.*

MIDWIFERY—*Bedford, Guernsey, Ludlam, Meadows.*

7. Every Student before being admitted to the Final Examination hereinafter mentioned, must have spent a period of Six months in the office of a regularly qualified Medical Practitioner,* in compounding medicines.

8. He must have attended the practice of a General Hospital after June, 1880, for twenty-four months.

9. He must have attended Six cases of Midwifery.

10. He must, before being registered as a Member of the College of Physicians and Surgeons of Ontario, have passed all the Examinations hereinafter prescribed ; and he must have attained the full age of twenty-one years.

11. (a) All persons from recognized Colleges outside the Provinces of Ontario and Quebec, who desire to qualify themselves for Registration in this Province, must pass the Matriculation-Examination established by the Council, and attend thereafter one full " Winter-Course " of Lectures during two Winter Sessions in some one of the Ontario Medical Schools, and such other Course or Courses as may be necessary to complete the Curriculum required by the Council, and shall pass, before the Board of Examiners appointed by the Council, all the Examinations hereinafter prescribed. This does not apply to Homœopathic students.†

(b) Nothing shall exempt residents of Ontario, who after July, 1875, elect to pursue their studies outside of the Province of Ontario,

* The words " regularly qualified " are applicable only to Practitioners registered according to law.

† See Med. Act, Sect. xvii., Sub-sects. 2, 3, 4.

from passing Four years in the pursuit of their Professional Studies ; such Four years to commence at the date of their passing the Matriculation Examination before the Examiners appointed for that purpose by the Council.

SECTION III.

EXAMINATIONS.

1. Hereafter the Professional Examinations shall be divided into two parts, namely, a " Primary " and a " Final."

2. The Primary Examinations shall be undergone at the end of the second winter session, and the Final after the fourth winter session.

3. The following branches shall be embraced in the Primary Examination :

- a.* DESCRIPTIVE ANATOMY.
- b.* PHYSIOLOGY AND HISTOLOGY.
- c.* CHEMISTRY, Theoretical and Practical.
- d.* TOXICOLOGY AND SANITARY SCIENCE.
- e.* BOTANY.

4. The following branches shall be embraced in the Final Examination :

- a.* MEDICAL AND SURGICAL ANATOMY.
- b.* THEORY AND PRACTICE OF MEDICINE AND MEDICAL PATHOLOGY.
- c.* SURGERY, other than operative.
- d.* SURGERY, OPERATIVE.
- e.* MIDWIFERY (other than operative), and diseases of Women and Children.
- f.* MIDWIFERY, OPERATIVE.
- g.* MEDICAL JURISPRUDENCE.
- h.* MATERIA MEDICA AND THERAPEUTICS.

5. The Primary Examinations shall be entirely " Oral." The Final Examination shall be entirely " Written."

6. Any candidate who fails in any branch of his Primary Examination shall be held to have failed in all, and any candidate who at his *Final* Examination passes creditably in four or more branches, but fails in the others, shall receive credit for the subjects so passed and be compelled to pass in the other branches only at a subsequent Examination.

7. Candidates who intend to be examined by the Homœopathic Examiners in the special subjects, shall signify their intention to the Registrar previous to the commencement of the Examination in order that he may provide means of preventing their identification by the other students, or by the Examiners.

8. In the event of any candidate signifying his intention to the Registrar to be examined and registered as a Homœopathic Practitioner due notice of such must be submitted to the Registrar, so that the Examination may be conducted by the parties appointed for that purpose, but prior to the acceptance of such notice from the candidate

the usual fees must be paid. In the event of any candidates presenting themselves for such Examinations due notice must be given by the Registrar to the special Examiner.

9. The next Professional Examinations will be held in Toronto and Kingston simultaneously, commencing on the second Tuesday in April, 1880.

SECTION IV.

FEEES.

1. The following scale of fees has been established by the Council of the College of Physicians and Surgeons of Ontario :

- a. MATRICULATION-EXAMINATION \$10 00
- b. REGISTRATION OF MATRICULATION :
 1. Students examined before the Council Examiners No Charge.
 2. Students examined by the various Colleges prior to July, 1870 ... \$10 00
 3. Graduates and Matriculants in Arts of recognized Colleges.... \$10 00
- c. "PRIMARY EXAMINATION" \$26 00
- d. FINAL EXAMINATION, INCLUDING REGISTRATON \$30 00
These fees are to be paid to the Treasurer of the College before each Examination.
- e. ORDINARY REGISTRATION FEE \$10 00
- f. REGISTRATION OF ADDITIONAL DEGREES OR TITLES \$2 00
This fee is only payable when the additional titles are registered at different times, but any number of such titles as are allowed to be registered, may be put on record at the first registration, for the single fee of \$10.
- g. DIPLOMA OF MEMBERSHIP OF THE COLLEGE \$5 00
This Diploma, which is handsomely engraved, and printed upon parchment, is granted free of charge to all those Members of the College who attain their Membership by passing the Examinations of the College. All other Members may obtain it on application to the Registrar, by paying the above named fee of \$5.
- h. ANNUAL-CONTRIBUTION FROM MEMBERS OF THE COLLEGE FOR THE YEAR 1880, PAYABLE TO THE REGISTRAR..... \$1 00
This fee is payable by every Member of the College on the First day of January in each year. The attention of Members whose annual contributions are in arrear is particularly called to this, as the provisions of Section XXII., sub-sec. 4, of the Ontario Medical Act will henceforth be strictly enforced.

2. All fees must be paid in lawful money of Canada, to the Treasurer of the College.

3. No candidate will be admitted to any Examination until the fee for such Examination is paid in full.

4. No part of the fees paid either for Matriculation or Professional Examinations will be returned to unsuccessful Candidates.

SECTION V.

EXAMINATIONS.

Rules for the Guidance of the Board of Examiners.

1. No Teacher in any School of Medicine in Ontario can hold the position of Examiner on the Subjects upon which he lectures, or upon which he may have lectured within one year prior to the date of the Examinations.

2. Any Examiner may be present at any of the Examinations, and there must invariably be not less than two Members of the Board present at every Examination.

3. At the end of each Written Examination upon any Subject, the answers to the Questions are to be handed to the Registrar, who will open the envelopes, in which they are hereinafter directed to be enclosed, and to each set of papers affix a Number by which the author will be known by Examiners during the Examinations. The Registrar will then deliver the papers to the Member of the Board of Examiners appointed by the Council to examine upon the Subject.

4. The papers, when delivered to the Member of the Board of Examiners appointed by the Council to examine upon the Subject, are to be by him examined, and the relative value of the answers marked by means of Numbers, ranging from 0 to 100, in a Schedule which will be furnished to him by the Registrar.

5. The values awarded by the individual Examiners to the answers of Candidates are not to be subject to revision, except by an appeal by the Candidate to the Council.

6. The Examiners shall return the schedules to the Registrar, with values inserted, at least three days before a final decision of the Board. From these values a general schedule is to be made by the Registrar, and no change of value can be made after such individual schedules have been returned to the Registrar. The General Schedule is to be examined as to its correctness by the whole Board, and the results announced by the chairman of the Board.

7. Papers upon the Homœopathic Subjects are to be finally submitted to the Examiners approved of for that purpose by the Representatives of that System in the Council.

8. All Oral Examinations are henceforward to be as Clinical, Demonstrative and Practical as possible.

9. The percentage of marks necessary to be obtained at the Professional Examinations shall be 60 per cent.

Rules for Candidates when in the Examination-Hall.

10. Each Candidate shall receive from the Registrar a Ticket, containing a list of the Subjects upon which the Candidate is to be examined, and it will entitle him to be admitted to the Examination-Hall during the progress of the Examinations upon such Subjects, but at no other time.

11. Candidates must write the answers to the Questions given by the Examiners, legibly and neatly upon one side only of whole sheets of paper, and the number given with each Question is to be put at the head of the answer to it. The sheets are to be paged and fastened together in regular order, by means of paper-fasteners, at the upper left corner, in such a manner as to have the first page facing outwards to the view; they are then to be folded neatly and enclosed in an envelope, on the outside of which each Candidate is to write his name. The packet is then to be handed to the Registrar, or to some one deputed by him. Neither signature, number nor sign by which the writer could be recognized by the Examiner, is to be written or marked upon any of the sheets enclosed in the envelope.

12. The Questions of the Examiners in the Homœopathic Subjects will be handed in writing, at the beginning of the General Examination on the same Subject, by the Registrar, to such Candidates as have given him notice in accordance with Section III, Sub-sec. II. They shall write the answers to these questions in the same Hall with the other Candidates, and hand their papers, when finished, to the Registrar, in the same manner as provided for the other Candidates, to be by him given for examination to the Homœopathic Member of the Board of Examiners appointed to examine upon that Subject.

13. If any abbreviations are used in answering the Questions, Candidates must be careful that they are such as are generally understood, or which cannot be mistaken.

14. No Candidate will be allowed to leave the Hall, after the Questions are given out, until his answers have been handed in.

15. No Candidate will be allowed in the Hall during the hours of Examination, except those who are actually undergoing examination.

16. Any Candidate who may have brought any book or reference-paper to the Hall, must deposit it with the Examiner before the Examination begins.

17. Candidates must not communicate with each other while the Examinations are going on, either by writing, signs, words, nor in any manner whatever.

18. Candidates must at all times bear themselves towards the Examiners with the utmost deference and respect ; and they will not be permitted in any manner to manifest approbation or disapprobation of any Member of the Board of Examiners, during the progress of the Examination.

19. Candidates must not only conduct themselves with decorum while any Examination is going on, but they will be held strictly responsible for any impropriety of conduct during the whole progress both of the Written and of the Oral Examinations.

20. Any infraction of the above rules, will lead to the exclusion of the Candidate who is guilty of it, from the remainder of the Examinations ; and he will not receive credit for any examination-papers which he may have handed in to the Registrar, previous to his being detected in such misconduct.

21. No person other than a Candidate for Examination, will be admitted to the Examination Hall, except those officially appointed by the Council or its Executive Committee.

SECTION VI.

Rules and Regulations respecting Students in certain positions with regard to their Curriculum, as established by the Council at its Session in May, 1879.

1. That all candidates who passed their first year's examination in 1879 before the Examiners appointed by the Council may present themselves for the Primary Examination in 1880, and candidates who passed their Second and Third years' Examinations may present themselves for their Final Examination on completing their curriculum, including Materia Medica and Anatomy not passed. However, no candidate in any case can so present himself for his Final Examination sooner than four years from the date of his registration as a Matriculant.

2. That all students who have passed the First and Second Years' Examination under Curriculum published in Calendar for 1878-9 may (if they so desire) be allowed to proceed to the conclusion of this course under such Curriculum. Every examination, however, on any primary subject will be entirely Oral.

Matriculation Examination Questions,

APRIL, 1879.

ENGLISH GRAMMAR AND DICTATION.

Analyse :

My *soul*, turn from them, *turn* we to *survey*
Where rougher climes a nobler *race* display,
Where the bleak *Swiss* their stormy mansions *tread*
And force a churlish soil for *scanty* bread :
No product here the barren hills afford
But man and steel, the *soldier* and his sword.

1. Parse the words in italics. Derive *survey*, *climes*, and *churlish*.

2. Define *gender*, *adjective*, and *gerund*. Explain the formation of "strong" and "weak" preterites.

3. Write down the adjectives corresponding to the following abstract nouns : *nobility*, *height*, *patience*, *senility*. Give the plural of *i*, *hanger-on*, *species* ; the feminine of *youth*, *gaffer*, *baker*, and the masculine of *spawn*, *virago*, *jilt*.

4. Correct or justify the following sentences, giving reasons for the changes made :

(a) Either he or I is to blame.

(b) This is the man whom we heard was injured.

(c) Young America is sometimes charged with a lack of respect for their superiors.

(d) All educators admit that the system of Froebel has elements of value, that had been overlooked by those who preceded him.

(e) The river has overflown its banks.

(f) The rose smells sweet.

DICTATION.

"A tranquil summer sunset shone upon him as he approached the end of his walk, and passed through the meadows by the river-side. He had that sense of peace, and of being lightened of a weight of care, which country quiet awakens in the breasts of dwellers in towns. Everything within his view was lovely and placid. The rich foliage of the trees, the luxuriant grass diversified with wild flowers, the little green islands in the river, the beds of rushes, the water-lilies floating on the surface of the stream, the distant voices in boats borne musically towards him on the ripple of the water and the evening air, were all expressive of rest. In the occasional leap of a fish, or dip of an oar, or twittering of a bird not yet at roost, or distant barking of a dog, or lowing of a cow—in all such sounds there was the prevailing breath

of rest, which seemed to encompass him in every scent that sweetened the fragrant air. The long lines of red and gold in the sky, and the glorious track of the descending sun, were all divinely calm. Upon the purple tree tops far away, and on the green height near at hand up which the shades were slowly creeping, there was an equal hush. Between the real landscape and its shadow in the water, there was no division; both were so untroubled and clear, and while so fraught with solemn mystery of life and death, so hopefully re-assuring to the gazer's soothed heart, because so tenderly and mercifully beautiful."

ARITHMETIC.

(The work must be shown in each answer.)

1. If \$4862.75 be required to make a payment of five dollars on every hundred dollars of the capital of a company, what was that capital?
2. If the thermometer rise one degree for every 60.5 feet of descent below the surface of the earth, what will be the temperature at the bottom of an artesian well 2783 feet deep; supposing the temperature at the earth's surface to be 55.5 degrees?
3. Multiply the difference between $\cdot 311\bar{2}$ and $\cdot 311\bar{2}$ by 12.21, giving the result in the form of a repeating decimal.
4. Express 10 lbs. 8 oz. 6 drs. avoirdupois weight in apothecaries weight.

ALGEBRA AND GEOMETRY.

5. (a) Give the meaning of the following terms: co-efficient, like terms, index.
(b) Divide $a^5 - 4a^3b^2 - 8a^2b^3 - 17ab^4 - 12b^5$ by $a^2 - 2ab - 3b^2$.
6. Simplify $\left(\frac{\frac{b^2}{c} - a}{\frac{a^2}{b} - c} - \frac{b}{c} \right) \div \frac{b^2 - ab}{a^2c - bc^2}$, and find the sq. root of $m^2(x^2 + 1) + 1 + 2m(x - mx - 1)$.
7. Solve the equations:
(a). $(x - 3)(x + 2) = (x - 1)^2$
(b). $\frac{x - a}{x + a} - \frac{2x + a}{x - a} - \frac{a - x}{a + x} = 0$
8. Find two consecutive numbers such that the square of the greater diminished by the product of the two numbers may be equal to 13.
9. If from the ends of the side of a triangle there be drawn two straight lines to a point within the triangle, these shall be less than the other two sides of the triangle, but shall contain a greater angle.
10. To describe a parallelogram that shall be equal to a given triangle and have one of its angles equal to a given rectilineal angle.
11. To describe a square that shall be equal to a given rectilineal figure.

LATIN.

I.

Translate :

Postridie ejus diei mane tripartito milites equitesque in expeditionem misit, ut eos qui fugerant persequerentur. His aliquantum itineris progressis, quum jam extremi essent in prospectu, equites a Q. Atrio ad Cæsarem venerunt qui nunciarent superiore nocte maxima coorta tempestate prope omnes naves adflictas atque in litore ejectas esse; quod neque ancorae funesque subsisterent, neque nautae gubernat oresque vim tempestatis pati possent; itaque ex eo concursu navium magnum esse incommodum acceptum.

His rebus cognitis Cæsar legiones equitatumque revocari atque itinere desistere jubet, ipse ad naves revertitur: eadem fere quæ ex nunciis literisque cognoverat coram perspicit, sic ut amissis circiter XL. navibus reliquæ tamen refici posse magno negotio viderentur.

1. Decline itineris, Quinto Atrio, vim.
2. Parse Mane, coorta, ejectas esse, subsisterent, pati, incommodum.
3. Mark the quantity of the penult in mane, tripartito, fugerant, prope, neque, extremi.
4. Tell what you know of the (a) person whose name occurs first in the above passage: (b) the members of the first triumvirate.
5. Give rules for the different subjunctives used in the extract.
6. Draw a plan of a Roman camp, and briefly describe it.

Translate :

Vestibulum ante ipsum primoque in limine Pyrrhus
Exsultat, telis et luce coruscus ahenâ.
Qualis ubi in lucem coluber, mala gramina pastus,
Frigida sub terra tumidum quem bruma tegebat,
Nunc positus novus exuviis nitidusque juvena.
Lubrica convolvit sublato pectore terga,
Arduus ad solem, et linguis micat ore trisuleis.
Una ingens Periphas, et equorum agitator Achillis
Armiger Automedon; unâ omnis Scyria pubes
Succedunt tecto, et flammæ ad culmina jactant
Ipse inter primos correpta dura bipenni
Limina perrumpit, postesque a cardine vellit
Æratos; jamque excisa trabe firma cavavit
Robora, et ingentem lato dedit ore fenestram.

1. Decline ore; armiger, and Periphas.
2. Parse, exsultat, gramina, tegebat, sublato, bipenni and micat.
3. Distinguish between coluber, serpens, and anguis.
4. Write a list of Latin words which have different meanings in the singular and plural, and give those meanings.
5. Pyrrhus, Achillis, Scyria pubes. Write short explanatory notes on these names.
6. Scan the first verse of the extract and the last one.

Testis est Italia, quam ille ipse victor, L. Sulla, hujus virtute et subsidio confessus est liberatam. Testis est Sicilia, quam multis undique cinctam periculis, non terrore belli, sed celeritate consilii, explicavit. Testis est Africa, quæ magnis oppressa hostium copiis, eorum ipsorum sanguine redundavit. Testis est Gallia, per quam legionibus nostris in Hispaniam iter Gallorum internecione patefactum est. Testis est Hispania, quæ saepissime plurimos hostes ab hoc superatos prostratosque conspexit. Testis est iterum et saepius Italia, quæ quum servili bello tetro periculosoque premeretur, ab hoc auxilium absente expetivit : quod bellum expectatione Pompeii attenuatum atque imminutum est, adventu sublatum ac sepultum. *Pro Lege Man. Chap. XI.*

1. Decline : *L. Sulla, iter, and absente.*
2. Parse : *quam, confessus est, copiis, prostratosque, premeretur, and sepultum.*
3. Mark the quantity of the penult in *hujus, undique, sanguine, iter, servili, and tetro.*
4. Write a list of Latin words which have different meanings in the singular and plural, and give these meanings.
5. *Sicilia, Africa, servili tetrobello.* Explain the allusions—*Testis est Hispania.* Does Pompey merit the praise here bestowed upon him?

Le bacha de Bender attendait Charles gravement dans sa tente, ayant près de lui Marco pour interprète : Il reçut ce prince avec un profond respect, et le supplia de se reposer sur un sofa ; mais le roi, ne prenant pas seulement garde aux civilités du Turc, se tint debout dans le tente.

Le Tout Puissant soit béni, dit le bacha, de ce que ta majesté est en vie ! mon désespoir est amer d'avoir été réduit par ta majesté, à exécuter les ordres de Sa Hautesse. Le roi, fâché seulement de ce que ses trois cents soldats s'étaient laissé prendre dans leurs retranchements, dit au bacha : " Ah ! s'ils s'étaient défendus comme ils devaient, on ne nous aurait pas forcés en dix jours. Hélas ! dit le Turc, voilà du courage bien mal employé."—*Voltaire, Chas. XII.*

1. Give the primitive tenses (principal parts) of *reçut, prenant, tint, réduit, défendus, dit* and *devaient*. Parse le (in le supplia), que (in de ce que), and *on*.
2. Name the Demonstrative pronouns, and give the general rule for the use of each of the following Relative pronouns : *dont, ou, en, and y*.
3. Write a list of verbs requiring *à* before the Infinitive which follows them, and another list requiring *de*.
4. Give the connection of the above extract.

NATURAL PHILOSOPHY.

1. (a) State the parallelogram of Forces.
 (b) Four forces act at a point, their directions being N., E., S., and W., and their magnitudes, 7, 11, 12, and 20. Find their resultant to three places of decimals.
2. (a) Define a mechanical instrument, and name the mechanical powers. What is meant by mechanical advantage, and how is it measured?
 (b) A light rigid rod 18 inches long has weights of 7 and 9 ounces hung from either end, find the point round which the weights balance, what is the pressure on this point?
3. (a) Explain clearly what is meant by the specific gravity of a substance.
 (b) A cubic foot of water weighs 1000 oz., and a cubic inch of iron weighs $4\frac{1}{2}$ oz. Find the specific gravity of iron.
4. Describe the Siphon, and explain its action; and show by diagram the measure of the force which drives the fluid out at the longer arm.

A. McMURCHY, M.A., } *Examiners.*
 A. P. KNIGHT, M.A., }

Professional Examination Questions.

DESCRIPTIVE ANATOMY—SECOND YEAR.

1. How would you open the Orbit for the examination of its interior? Where would you look for the Ciliary Ganglion? Name its roots.
2. Give the formation of the Brachial Plexus. Trace the Musculo-Spiral Nerve from its origin to its termination. And name the parts supplied.
3. Describe the structure, situation and use of the Thyro-arytenoid ligaments.
4. Describe the prostatic portion of the Urethra, its shape, size and extent. How would you open it? What parts are seen internally with their position?
5. How would you remove the Gluteus Maximus; name in order from above the parts exposed?
6. How would you show the Duodenum, after opening the abdomen? Describe generally its situation, relations, and name its vessels and nerves.
7. Describe particularly the insertions of the Semi Membranosus, Peroneus Longus, and Flexor Carpi Radialis Muscles.

M. SULLIVAN, *Examiner.*

PHYSIOLOGY AND MICROSCOPIC ANATOMY.

- 1.—Describe the Foetal Circulation.
2. Describe the physical qualities and composition of the Gastric Juice; its mode of secretion; its daily quantity and its physiological action.

3. Describe the structure of the Skin, its secretions and the histological character of the Sudoriferous and Sebaceous Glands.

4. Describe the structure of the Liver, the Composition and Functions of bile, and the Glycogenic Function of the Liver.

5. Describe the structure and development of Bone, and give the Microscopical appearance of a transverse section of the compact tissue of any long bone.

6. Describe the first and second sounds of the heart, and give the different theories as to their cause.

J. W. PICKUP, *Examiner*.

CHEMISTRY—SECOND YEAR.

1. Define the terms hydrate, hydride, dyad, basylous radical, isomorphism. Give a short account of the doctrine of quantivalence.

2. Describe the mode of preparation, the properties and uses of Na HCO_3 , KClO_3 , NH_4Cl , $\text{K}_2\text{Mn}_2\text{O}_8$, and HgCl .

3. In what form does Morphia occur in opium? Describe the mode of preparing hydrochlorate or acetate of morphia.

4. What are the uses, composition and source of Carbohc Acid? How is it distinguished from creasote?

5. What is urea? How is it prepared artificially? Give tests for it.

6. What is the general, physical and chemical nature of urinary calculi?

7. Describe briefly the composition and properties of milk, blood, and bile. Give tests for blood stains on linen.

J. MORRISON, M.D., M.A., *Examiner*.

PRACTICAL CHEMISTRY.

1. Name three impurities commonly found in KI, and give the tests for them. Explain the reactions in each case.

2. How is HCl detected in H_2SO_4 ; H_2SO_4 in HNO_3 ; As in H_2SO_4 ; Pb in H_2O ; HNO_3 in H_3PO_4 and H_3PO_4 in HNO_3 ?

3. Give the characteristic tests for iron, distinguish between *ferrous* and *ferric* reactions, and illustrate each reaction by an equation or diagram.

4. Give tests for tartar emetic, calomel, corrosive sublimate, arsenite of copper and potassium cyanide.

5. Give tests for hydrocyanic acid and strychnia in organic mixtures. How is strychnia distinguished from santonine?

6. By what tests are albumen, sugar and bile separately detected in morbid urine?

J. MORRISON, M.D., M.A., *Examiner*.

SANITARY SCIENCE.

1. What precautions would you take in Hospitals in cases of Erysipelas, whether in General or Military practice?

2. What should be the first consideration of the Medical officer

commanding in camp in the selection of sanitary position? Give in detail?

3. In large Cities or Crowded Towns what are the duties of the Corporate Legislators with regard to Sanitary regulations?

4. What test would you adduce for the presumed impurity of water?

5. What is Miasma? Whence does it emanate, and what are its effects on the human economy?

6. How is miasmatic poison best subdued by artificial means? Give some details of late scientific procedure.

7. Give the principal disinfectants and mode of action in cases of Typhoid Fever, Small Pox, or Typhus Fever.

C. V. BERRYMAN, *Examiner*.

BOTANY.

1. Describe the growth of an Annual plant from seed to maturity.

2. Name and describe generally the members of the families—Solanaceæ, Euphorbiaceæ, Pinaceæ, Gentianaceæ, Convolvulaceæ, and their characteristic Medical uses.

3. What is *Papaver Somniferum*? Where grown to best advantage, physical appearance, active constituents and physiological effect on man?

4. Name varieties of Senna leaves and distinguish them from Argel, with which they are liable to be adulterated.

J. E. KENNEDY, *Examiner*.

DESCRIPTIVE ANATOMY—THIRD YEAR.

1. The Brain being removed, describe the dissection necessary to expose the Velum Interpositum? What is it? Where does it come from? and how terminate?

2. How would you open the knee-joint in dissection? Describe the ligaments exposed by so doing, and the disposition of the Synovial Membrane.

3. How would you demonstrate the Levator Ani so as to show its attachments? Describe the attachments particularly, and name any Fascia in immediate relation to the muscle.

4. Beginning at the internal Malleolus, give the course of the external Plantar Artery to its termination, and state what Anastomosis it forms.

5. Describe the formation of the Spermatic Cord. Give the point of separation, origin and destination of each of its constituent parts.

6. Give the origin, tributaries and termination of the Portal and Internal Jugular Veins.

M. SULLIVAN, *Examiner*.

MEDICAL PATHOLOGY.

1. Describe Cirrhosis of the Liver.

2. In case of death occurring from Typhoid fever of three week's

duration, and immediate cause peritonitis, what pathological conditions would you expect to find on *post mortem* examination?

3 Describe pathological conditions in Acute Rheumatism and possible organic sequelæ.

4. What pathological conditions exist in *Tabes Mesenterica*?

J. E. KENNEDY, *Examiner*.

SURGICAL PATHOLOGY.

1. Describe the process of healing by granulation.

2. Explain the cause of the deformity that frequently follows burns.

3. What is a sequestrum? Describe the process by which dead bone is separated.

4. What is meant by Atheromatous degeneration of Arteries? Explain the surgical affections that may arise from it.

5. What are the two most common mammary tumors? Give their diagnostic features.

A. E. MALLOCH, *Examiner*.

MEDICAL JURISPRUDENCE.

1. Give a Medico-legal definition of a wound.

2. How would you distinguish wounds before and after death?

3. What is the shortest period of pregnancy compatible with the viability of offspring.

4. How long may the term of Utero-gestation be protracted?

5. State general appearance, size, weight and length which the child exhibits at the sixth month of fœtal life.

6. Give the signs of recent delivery.

7. Describe the Hydrostatic test in infanticide and state objections to it.

G. HENDERSON, M.D., *Examiner*.

SURGERY OPERATIVE.

1. Describe the operation of venesection at the elbow and the precautions to be taken.

2. Describe the method of applying the taxis in reducing a hernia. What would contra-indicate its employment?

3. How would you control the vessels for an amputation in the leg? Describe the operation by a long anterior flap; enumerate the hæmostatic agents that may be employed; and indicate and give your reasons for the one you prefer. Describe the first dressing.

4. Describe the operation for ligating the Femoral at the apex of Scarpas's triangle.

5. Describe the two common methods of amputation at the shoulder joint.

A. E. MALLOCH, *Examiner*.

MIDWIFERY OPERATIVE.

1. Give the diagnosis and treatment of arm presentation.

2. How would you treat a case of *post partum* Hemorrhage?

3. Under what circumstances would you be justified in inducing premature labour ?

4. Describe the various Mechanical Appliances used in Midwifery, stating briefly the circumstances under which they might be properly used.

JAMES THORBURN, M.D., *Examiner*.

SURGICAL ANATOMY—FOURTH YEAR.

1. Describe the size, shape, &c., of the Femoral or Crural ring. Give the normal and abnormal position of vessels in relation with it.

2. Beginning at the lesser Sacro-sciatic Foramen, trace the internal Pudic Artery to its termination ; name the branches and their destination.

3. Name the Muscles in immediate relation with the Shoulder joint, rendered tense. And give the Course and relations of any Vessels, and nerves liable to be injured in subglenoid dislocation of that joint ?

4. Name the parts divided, and those to be avoided in excision of the elbow joint.

M. SULLIVAN, *Examiner*.

TOXICOLOGY.

1. How are poisons Classified ?

2. Name the principal Narcotic and Irritant Poisons.

3. Give symptoms and treatment of poisoning by Aconite, and Corrosive Sublimate. Give tests of latter.

4. How would you distinguish Opium poisoning from a case of Acute Apoplexy ?

5. What are said to be the poisonous doses of Arsenic, Oxalic Acid, Prussic Acid, and Strychnia ? State the average time at which death takes place in each after first occurrence of Symptoms.

G. HENDERSON, *Examiner*.

MATERIA MEDICA AND THERAPEUTICS.

1. Describe the Physiological action of Iron ? What are some of the principal preparations at present in use ? Give the proportions in each as to dose.

2. What is an expectorant ? Name several with their doses and Therapeutical application.

3. How would you contra-indicate the exhibition of emetics ? and describe the many natural causes of emesis.

4. Explain the theory of exosmosis, and endosmosis.

5. What cinchona barks yield cinchonine in excess, and in which is quinine in excess ? And what barks yield those alkaloids ?

6. What are the best agents to use for *Tænia solium* ? Give their doses and ordinary combinations.

7. What is the Physiological action of opium ? Give the doses for therapeutical purposes, and its indications and contra-indications in disease.

8. Give the process of isolation of Strychnia from *nux vomica*, and of Morphia from Opium proper.

9. What are the surfaces in the Human system on which Medicines are supposed to act ; and what is the theory of their introduction into, and action upon the body ?

10. Give the Habitat and general characteristics of the following Medicinal Agents :—

- (A) Cinchona.
- (B) Colombo.
- (C) Aloes.
- (D) Elaterium.
- (E) Ipecacuanha.

C. V. BERRYMAN, M.D., *Examiner*.

THEORY AND PRACTICE OF MEDICINE.

1. Give Diagnosis, prognosis, course and treatment of Acute pericarditis.

2. Give Diagnosis, varieties, complications, sequelae and treatment of scarlet fever.

3. Diagnose Meningitis; give varieties, symptoms and treatment.

4. Give Specific Gravity, abnormal or excessive constituents and tests for urine in the various affections of the kidney and bladder.

5. Write a prescription for :

- (A) Erysipelas.
- (B) Tænia Solium.
- (C) Scabies.
- (D) Ascarides.
- (E) Lead Colic.
- (F) Excessive Mercurial Salivation.

J. E. KENNEDY, *Examiner*.

MIDWIFERY, OTHER THAN OPERATIVE, AND DISEASES OF WOMEN AND CHILDREN.

1. Give the signs and symptoms of pregnancy.

2. How would you treat a case of convulsions occurring during labor ?

3. Describe the various displacements of the uterus and their attendant symptoms.

4. Give the symptoms and treatment of Phlegmasia Dolens.

5. What are the common sequelæ of Scarlatina and their treatment ?

6. Describe the causes and symptoms of indigestion occurring in children.

JAMES THORBURN, M.D., *Examiner*.

SURGERY OTHER THAN OPERATIVE.

1. Enumerate the varieties of Gangrene, and give the principles of treatment applicable to each.

2. What are the common simple dislocations at the elbow ? Give their diagnosis, treatment, and probable results.

3. What are the symptoms of a simple fracture of a long bone ?

Enumerate and illustrate the common causes preventing coaptation. Give the principles of treatment.

4. Describe the methods of treating a simple fracture of the Femur at its middle. Which would you adopt and for what reasons?

5. Give a short account of the symptoms and treatment of Phlyctenular Inflammation of the eye.

6. What is meant by the apparent shortening of the lower extremity? How do you ascertain the length of the limb, and in what affections is shortening a marked symptom?

7. In the case of a man, æt, 26, the following points are made out, viz.: a tumour immediately below the outer half of Poupart's ligament with fulness in the corresponding iliac fossa, and a marked prominence of the spinous processes in the Dorso-Lumbar region. Give the previous history, pathological condition, and treatment.

8. Two males, aged 70 and 25, are suffering from constant dribbling of urine with excoriation of the privates, and with a marked tumour dull on percussion above the pubis. From what do they suffer? Give the probable history of each case and the treatment applicable.

9. For what affections is an artery tied in its continuity? What would influence you in the choice of site for its application, and what precautions are necessary in tying it?

A. E. MALLOCH, *Examiner.*
